Accessing My Grades

The **My Grades** feature of your online course allows you to access grades for any assignments or quizzes you have completed. The page is organized so you can view each assignment with the corresponding grade statistics. This section will guide you through checking your grades and comparing them to the class statistics.

1. Select the “My Grades” button from your WebCT homepage.
 - A list of assignments will appear with your grades.
 - You may select “View statistics” to obtain class statistics for a specific graded assignment.
